

Hanen Program It Takes Two to Talk

Starts in may 2021, Amsterdam-West

The Hanen Program is a special program for parents of children with language delays. It is taught by speech- and language therapists.

What You Will Learn:

- How to stimulate the language development of your child
- How to reinforce the conditions for an optimal language development

The Program:

- Initial interview at Logopedie Westrand
- Seven group sessions in Amsterdam-West
- Four individual sessions at your home (in which we'll make video's of you and your child)
- Final evaluation at Logopedie Westrand
- Follow up group session

For Who?

- Parents of children with language delays

Eligibility Criteria:

- Speech-language disorder (not speaking - 3 word sentences)
- Age: 1 to 6 years old
- A child *might* have a developmental delay, mental and/or physical disorder or signs of an autistic spectrum disorder

The Hanen Program during the corona crisis

Due to the measures to prevent the spread of the coronavirus, we may offer the course online. In addition, we work with small groups, enabling the participants to respond to each other more easily. Whether we can offer the next course online or 'live', depends on the guidelines of RIVM.

Information and registration:
